Hypoallergenic, Fluid resistant yet breathable, 100% Polypropylene non-woven material which assists in absorbing exhaled air, thus keeping the skin dry and comfortable.
Ear loop	Comfortable extra-soft elastic ear loops eliminate ear pressure & Fatigue. (Flat elastic ear loops available on custom order) (elastic may vary based on each model)
Nose bridge	Adjustable concealed Nose bridge for added comfort usage & minimize lens fogging
Size Adult	17.5 x 9.5cm (or as requested on custom order)
Weight	1.5 - 3.3 grams per mask (subject to model)
Children	14.0 x 9.0cm (or as requested on custom order)
Package	50 pcs/box, 40 box/carton, 336 Cartons per 20' Container (Variable) 936 Carton per 40'hq Container (Variable)
Standards	CE, EN 14683, FDA, GB/T 32610-2016
Bacterial filtration	BFE >95 to 99.7% (subject to model)
Splash Resistance	Pressure (mmHg): 160 (subject to model)
Fluid Resistance	Fluid-resistant - 80 mmHg (subject to model)
Use	Single use only
Features	1. Hypoallergenic
	2. Comfortable
	3. Low breathing resistance for prolonged wear
	4. Non-Toxic, suitable for sensitive skin (most skin types)
	5. Unscented inner layer, no dye, gentle to skin
	6. Shelf life 2-3 years if stored cool environment with low humidity
